

## BIG FIGHT IMPENDS ON PROHIBITION ISSUE

**Moist Plank Question Will Be Fought On Floor of San Francisco Convention**

(By Associated Press)  
San Francisco, June 24.—The arrival of Senator Glass and Charles F. Murphy, the Tammany Hall leader, for the Democratic National Convention, attracted particular attention today.

Senator Glass, it is reported, brought President Wilson's own draft of the platform, while Murphy, fresh from the conference of party strategists at French Lick, Indiana, was the center of speculation on the prohibition issue.

Many delegates had the impression that Murphy would lead in an effort to patch up the anti-bone dry plank. Both are busy as beavers, but silent.

The prospects for a fight on the convention floor over prohibition are apparently better than ever.

The discussion of presidential candidates still remains in the background.

## Bryan Wants Kentucky Delegates To Vote Dry

Omaha, Neb., June 24.—Wet or dry, Cox or a dark horse, notably John W. Davis, of West Virginia, are the issues which are agitating the Kentucky delegates as it proceeds upon its luxurious western pilgrimage aboard the Overland Limited. Everybody who left Louisville Monday night was safely counted when the transcontinental special pulled out of Chicago at 7:10 Tuesday night. As they left Omaha this morning the delegates realized that important details of the decisions at San Francisco will rest upon them.

First was the report passed around by P. H. Callahan, that William Jennings Bryan is to join the train at Ogden, Utah, and it is understood that he will attempt to use his influence to gain Kentucky's vote for a dry plank. Sentiment is divided on this point among the delegates, the "wiser heads" endeavoring to hold off the insistence of "Delegates" Griffith and Rohrer for a wine and beer plank on the one hand and Congressman Barkley of Paducah for a bone dry declaration on the other.

While the delegation is instructed for Cox it is already evident that many delegates intend to leave the Ohioian if at any time he shall slump in the balloting. To offset this an effort is being made, but the result will not be known until the balloting. Propaganda in behalf of John W. Davis, of West Virginia, is being skillfully sown by West Virginia interests which have always been in close touch with politics west of the Big Sandy.

The important places to be settled are chairman of the delegation and members of the Committees on Resolutions, Rules, Permanent Organization and Credentials. Senator Beckham is mentioned for Permanent Organization, Senator Stanley for Resolutions, T. S. Rhea for Credentials, and Mrs. Cora Wilson Stewart for Rules. The Resolutions Committee must settle the important dry and Irish planks and the Rules Committee may abrogate the two-third rule. This would help Cox. Judge A. P. Humphrey is being discussed as a member of the committee to notify the presidential nominee. Everything is in the conference stage, however, no slate having yet been prepared.

## HARDING'S 1912 "BLACKGUARD" TALK

San Francisco, Cal., June 24.—"I would rather come back as a defeated candidate for the presidency, with the knowledge that California's delegates, obeying their instructions from the public, voted for me to the last, than to come home successful as the result of an early morning conference in a room in a Chicago hotel by a group of men representing the international banks."

This was the remark made by Senator Hiram W. Johnson at Sacramento yesterday afternoon when en route to this city, where he was the guest of honor at a warm homecoming at the Water Terminal. It is no secret that the Republican leaders expect Johnson eventually to support the republican nominee.

## INDICTMENTS BY WHOLESALE COMING

**Williams Oil Co. Men Among List Accused of Misrepresenting Property**

New York, June 24.—That four oil companies, ten brokerage houses and about fifty individuals have been indicted by the federal grand jury on a charge of using the mails to defraud investors out of millions of dollars, became known here today.

They include the Ranger, W. P. Williams and Crown Oil Companies and the Great Western Petroleum Company. Federal agents throughout the country are now engaged in rounding up the indicted. It is charged they have made gross misrepresentation regarding oil properties and will pay dividends out of money received for sales of stock.

Post office inspectors who gathered evidence on which the indictments were based, explained that three defendants were accused of promoting the sale of Crown oil stock, recently indicted at Louisville, Ky., for alleged fraud in connection with another oil company. The round-up now being conducted is said to be the beginning of a nation wide campaign against alleged oil stock swindlers, who are credited with cleaning up a million dollars within the last few months.

The Williams Oil Company is well known here, a number of Richmond men having purchased stock some time ago when solicitors were in the local fields. They have noted the fluctuations of the stock of the company.

## URGED TO RATIFY SUFFRAGE MOVIE

Washington, June 24.—President Wilson sent a telegram to Gov. A. H. Roberts, of Tennessee, urging that a special session of the legislature be called to ratify the proposed suffrage amendment to the federal constitution.

In his telegram the President said:

"It would be a real service to the party and to the nation if it is possible for you, under the peculiar provision of the constitution of your state, having in mind the recent decision of the Supreme Court in the Ohio case, to call a special session of the legislature to consider the suffrage amendment. Allow me to urge this most earnestly."

## LAST MAN TO SEE JOSE. ELWELL ALIVE IS FOUND

New York, June 24.—If the story told by George A. Walters, negro taxicab driver, is true, police authorities say, the investigators of the mystery surrounding the murder of Joseph Elwell, whist expert and turfman, have found the man who was the last to see Elwell alive except the murderer himself.

## McADOO DENIES REPORT

(By Associated Press)  
New York, June 24.—At the office of William G. McAdoo here yesterday afternoon it is said that there is no truth in a report printed by David Lawrence yesterday that the former secretary of the treasury gave up an ambition to be the democratic nominee for the presidency because he has tuberculosis of the throat.

## OHIO BANKER GETS 20 YEARS AND A BIG FINE

Youngstown, Ohio, June 24.—Standing with bowed head, Bruce R. Campbell, former secretary-treasurer of the Struthers Savings and Banking company, now in process of liquidation was sentenced late yesterday afternoon to serve 20 years in the state penitentiary at hard labor, and to pay a fine of \$10,000 and costs.

## Replies To President

Washington, June 24.—President Wilson has received a reply from the Railroad Labor Board in Chicago, promising to expedite the award in the railroad wage controversy, in reply to the message sent by the President.

## \$300 Reward

Gov. Morrow has offered a reward of \$300 for the arrest and conviction of Robert Sandlin, accused of the murder of Miss Besie Allen, on Buffalo Creek, Owsley county, on June 3. Six persons are implicated in the murder.

## LAW MISCONSTRUED RELATIVE TO GAS TAX

**State and Oil Company Officials Are Soon To Have Plain Instructions Issued**

That proper construction may be placed upon the law pertaining to gasoline dealers contributing one cent per gallon tax to the state for fuel sold, there will be a meeting soon at Louisville of the state officers, together with those representing the oil companies doing business in Kentucky. At this meeting it is expected the proper interpretation of the law will be presented and instructions to county clerks issued. According to the original idea, it was necessary for all dealers, including the retailers, to register with the county clerk and report the volume of business during the month. It is said this would not only complicate matters, but would bring about a mass of extra work upon the part of all concerned.

The intention, it is claimed, to have the companies gauge and measure every tank of oil sent to each county, there being a county inspector already employed, and to have one cent for every gallon revert to the state. This, according to County Clerk Jennings Maupin, would eliminate a great amount of work and admit of the officer keeping the records more easily and promptly, enabling him to tender his reports to the state at the beginning of each month. This, no doubt, will be the course pursued.

The situation as presented at present, is complicated. There are many who did not properly construe the meaning of the law, despite the publicity given it. It is the intention to lay away with the complicated features and turn the extra work over to the wholesaler, and have him return to the state the proper tax, according to the reports of the inspectors. Madison county is said to be one of the most important in the state and one of the most extensive gasoline users. This, it is said, is due to the extensive modern machinery employed in the agricultural districts.

## INDIANA TO SWING TO COX QUICKLY

Louisville, Ky., June 24.—A San Francisco special to the Times today says: "Congressman Cantrell, of the seventh Kentucky district, one of the original backers of Governor Cox for the presidential nomination, said today he would second the nomination of Cox before the Democratic National Convention. Both Cantrell and National Committeeman Camden expressed the belief that Cox is the leading candidate."

Information which the Cox headquarters are said to have received today is that the Indiana delegation after paying a complimentary vote to Vice President Marshall on the first and possibly the second ballot, will swing into the Cox column.

The special train carrying a majority of the Kentucky delegates will arrive Friday night or Saturday morning.

## What's This?

Louisville, Ky., June 24.—Harry Bloom, a special correspondent en route to the San Francisco convention with the Kentucky delegation, today wires the Post that the prediction is being made today that "Cox will last about three ballots in the convention." He says poll of the delegation shows nine for McAdoo.

## TAMMANY FOR BEER PLANK

Los Angeles, Cal., June 24.—Tammany delegates to the democratic national convention at San Francisco, who were here yesterday, declared themselves to be in favor of manufacture of light wines and beer, and said that they were pleased with the defeat of Congressman A. J. Volstead for renomination as the republican candidate from the seventh congressional district of Minnesota. Mr. Volstead is author of the prohibition enforcement act.

James J. Hagin, of New York City, five commissioner and a Tammany delegate, said:

"There will be a wet plank in the platform—the voters of the country favor a wet plank—a plank providing for the manufacture of light wines and beer."

He predicted a plank favoring equal suffrage would be adopted in "unmistakable terms."

STAY—A spotted Shetland pony came to Jack Taylor's place 3 1/2 miles from Valley View on Pike Creek this past week. Owner can have same by proving property and paying all charges. 152 4p

## Weather For Kentucky

Fair tonight and probably Friday; not much change in temperature.

## THE MARKETS

Cincinnati—Prime cattle strong hogs steady; Chicago steady; lambs strong; Jersey strong.

Louisville, June 24.—Cattle 150; hogs 1,300; active; sheep 5,000; strong; all unchanged.

## DWYER'S DEATH STILL A MYSTERY

Detroit, Mich., June 24.—Authorities investigating the killing of August Dwyer, of Middleboro, Ky., a traveling auditor of the United Mine Workers of America, in a downtown law office early Wednesday morning today questioned the party of lawyers who met in the office during the evening.

Frank H. Doheny, a prominent attorney and bank director, later detained for investigation. Questioned by the police, Doheny denied any connection with Dwyer's death, according to the officers, an explained the presence of blood on his clothing by saying he had found the dead man on the office floor and lifted the body into a chair.

According to the brother of the dead man, Doheny was one of a party of lawyers who gathered in his offices during the evening and Doheny and the union official were left there alone in the office about 9 o'clock. Dwyer was virtually a stranger to every member of the party but himself, the brother said. He came here five days ago on personal business. He was 47 years old.

## MARRIED, THEN TO PRISON

(By Associated Press)  
Columbus, Ohio, June 24.—Otis E. Mount, of Columbus, married Miss Inez N. Wynn, also of Columbus, at the county court house here yesterday. A few hours later Mount was on his way to the federal prison at Atlanta to serve 21 months for having impersonated a secret service officer.

## LEVER ACT IS UPHELD BY COURT ACTION TODAY

Washington, June 24.—Application for a temporary injunction and stay in the proceedings instituted by the government under the Lever act against C. A. Weed and the Sultzbach Clothing company, both of New York, has been denied by Associate Justice Day, of the United States Supreme court, the Department of Justice was advised today.

## Railway Labor Board Divided On Question

Chicago, June 24.—A well confirmed report today said the Railway Labor Board was divided on the wage controversy, the labor group holding out for an award, which both the company and public representatives thought was exorbitant and the company group refusing to concede the award, which the public group considered was reasonable. The Board members said that they expected to reach a satisfactory agreement.

## CHAUTAUQUA TICKETS

Chautauqua tickets are on sale at Perry's Drug Store, Stockton's Drug Store, E. V. Elder's Store, Southern National Bank, State Bank and Trust Company.

Buy your tickets early and avoid the rush on last day, Tuesday, June 29. Chautauqua begins Wednesday, June 30.

All persons who signed for season tickets last year must get them from Mrs. Moynahan or the State Bank and Trust Co. 151 1

## JESSE SLATED TO HEAD RAILROAD COMMISSION

(By Associated Press)  
Shelbyville, Ky., June 24.—Attorney W. W. Jesse, of this city, is slated to succeed Richard Tobin as secretary of the state railroad commission, it is understood here. Tobin is a democrat and held the place for eight years.

## NOISELESS GUN TESTED

Washington, June 24.—A new model of machine gun, operated by centrifugal force and using no explosive is being tested secretly by army officials and other governmental experts at the Bureau of Standards.

Wanted—Bookkeeper. Apply at Madison Laundry. 150-2

## JETT FARM TAKEN DOWN AT \$325

**Col. Jim Hamilton Says Its Worth More and He'll Get It For This Splendid Place**

Col. James I. Hamilton, the big land dealer of Garrard county, "took down" his first farm in his real estate history when he refused to sell the Shelby Jett farm of 309 acres for the bid of \$325 an acre at public sale near Kirksville Wednesday. Col. Hamilton said this farm is worth more than the bid offered and he would sell it for more and therefore wouldn't accept the \$325 per acre offered by a Garrard bidder.

Covington Jett was the contending bidder for his father's old home place, but stopped at \$320 an acre. A big crowd was present and much interest was manifested.

The Jett farm is one of the best known in that section of Madison county, where high priced is the rule rather than the exception. Col. Hamilton knows land values mightily well and his many friends feel satisfied that he will make good on his promise to sell this fine farm for more money than the high bid Wednesday.

## TWO CANDIDATES SPEAK AT NEWBY

Judge Ralph Gilbert, of Shelby, and Private George T. Davis, of Casey, spoke on behalf of their candidacies for the democratic nomination for Congress in this district, before a fair sized crowd at Newby Wednesday night. Both took a shot at Col. Frank Ripy who failed to show up at the speaking, and insinuated that he was dodging them. Private Davis wanted to know how Col. Ripy could meet Capt. King Swope on the stump if he wouldn't face his two democratic opponents.

Friends of Col. Ripy say that he had an engagement elsewhere. He spoke in Richmond with his two opponents last court day. It's just a little over a month till the primary election now, and friends of all the candidates are beginning to get busy. Both candidates speak at Waco Friday night.

The prohibition question seems to be the principal issue in the race, Col. Ripy waiting for the San Francisco convention to state his position; Judge Gilbert dry and Private Davis wet enough to insist on a modification of the Volstead act.

## BIG CHECKS WILL HEAD THE S. A. LIST

When the second Home Service Appeal drive by the Salvation Army is finished in Richmond and Madison county, there will be several big checks in the hands of the diligent workers as a reward for their efforts here, and the checks will bear the signature of a number of the best known and most benevolent people of the vicinity. They will represent the liberal response attending the work of the field folks who are at the head of the drive, and the returns from those of Richmond who have voluntarily taken up the task, will also be very creditable. This much is assured, although the work has not been nearly completed. It will continue until next week, when Madison county, recognized as one of those in the "O. K. Province," will be again at head of the list. The giving is said to be more promiscuous this year than ever before. Some who give a mite, are greatly considered. The fact that they give a little is an important one with the workers. Children are donating also, desiring to make a small sacrifice of some sort in order to have the honor of helping the Salvation Army. Many of them have a brother or perhaps a father, who have had reason to be glad to assist the army in any way. Especially is this the case where the men have seen service in the ranks in foreign lands.

250 Pair Fibre Silk Ladies Hosiery in black and white (fancy), sizes 8 1-2 to 10; worth \$1 our 50 Cts price 149 tf E. V. ELDER.

WANTED—To rent furnished rooms or a small house. G. H. Myers, Jr. 150 tf

## LOCAL STUDENTS PRAISE BLUE RIDGE

**Important Work To Be Reported Upon Return of Two Eastern Normal Boys**

Praises of the Blue Ridge Y. M. C. A. conference in North Carolina are being heralded by Paul W. Gentry and R. S. Moore, of Eastern Normal, who have been in attendance during the past ten days and who will return to Richmond within a day or two. The their studious labors by the students at school which won for them the privilege of the trip. They have informed Prof. G. D. Smith, of the department of science, that they have been in attendance at all of the sessions and have been having the time of their lives. They will be prepared to make a detailed report of their trip upon their return. They report that they have been fishing, bathing, mountain climbing and indulging in other pleasures, but have adhered to the official program and admit they have secured more benefit out of the trip than they could realize.

They are but two of the four representatives of Eastern Normal, two young women representing the Y. W. C. A. having recently returned after a stay of ten days. The first of the conferences were held for the latter, while the last of the series of special lectures, etc., were held for the Y. M. C. A.

## JUDGE SHACKELFORD DECIDES LAND CASE

The Jessamine circuit court has adjourned. The case attracting the greatest attention during the term was an appeal taken from county court in the action of Dr. H. L. McLean against the board of supervisors of Jessamine county.

Judge Shackelford decided in favor of Dr. McLean, claiming he should not be assessed for 90 acres of land.

Dr. McLean is the owner of about 1,400 acres of land, which is almost surrounded by the Kentucky river. A few years ago a lock and dam was being built in the river and a large part of the farm was overflowed by the water, making it unfit for cultivation, the plaintiff claiming that the river had widened at this point and that the survey shows a shortage of about 90 acres.

The plaintiff also claimed in his petition that the assessment of \$50 an acre on a 540-acre tract, adjoining the property, was excessive. The court overruled this, stating that in accordance with the assessment fixed by the board on the neighboring farms, this assessment was excessive.

The court also upheld the decision of the lower court in fixing the assessment on 880 acres at \$38 an acre. The plaintiff claimed that this tract bordering on the cliff and impossible to be reached with farming machinery, was unfit for cultivation and contained a large number of sinkholes.

## STATE HOLSTEIN BREEDERS MEETING

The Kentucky State Holstein Breeders' Association is holding its annual meeting at Coldstream Farm, near Lexington, today. C. B. Shaffer, proprietor of this famous farm having extended an invitation to the fanciers of Holsteins to come and spend the day inspecting his farm and herd.

A business meeting was held in the morning, with several speeches. A picnic dinner was served on the lawn of Manager F. O. Bible. The soil experts who are meeting at State University will join the party for lunch at Coldstream.

## Can You Beat This?

Louisville, June 24.—Squawks in the chicken house awakened the family of Joseph Larue. Miss Anna Larue found an old hen nervously hovering over her brood. Miss Larue reached under the hen and pulled out a cow-snake four feet long, which had eaten several of her brood.

## KENTUCKY--MECCA FOR THE WORKMAN

**Harvest Is On With Many Workmen Employed at High Wages and Good Prospects**

Kentucky is the mecca of the working man, the cat of doors man these days, and while there is a large number of strangers employed on the farms of Madison county, it behooves all who are able to participate in the work to join, in order to look after the crops, which promise to be bountiful. Frank Compton, an illustration, is an ex-service man living in Reading, Pa., who is here, and says that he will stay for some time. He was formerly a bookkeeper, but after overseas service was ordered by his physician to get out in the open and "stay there."

Now to those who do not appreciate Old Kentucky as a good place to earn an honest living, if given to work, they have but to ask this man, who has been traveling extensively since he was taken into the service of the U. S. army. Compton said that he drifted into Kentucky to work—"I'm not a floater," however, cautiously. He said that while he has never done the work before, he has been stripping tobacco for \$7 per day, and that he enjoyed it. There is the work in the tobacco fields following, and wheat cutting is well under way in some sections, for a variation. This will be the special work of the coming week. Much tobacco transplanting is going on, although the weather is not the most favorable. However, the producers say they are "taking a chance," since they will not have much time to devote to setting out tobacco after this week. The wheat harvest will be followed by the hay and clover cutting, which in turn will be followed by threshing, and there is always attention to be given to tobacco. Thus the farmer is busy these days, as well as every man who will give his services. The harvest season in Kentucky is on full blast, and it is claimed that there are more than the average young men from elsewhere employed, although there is a dearth of workmen for the farm. This has driven many to the more modern machinery.

## SPEEDWELL BOY HURT IN SMASH WITH TRAIN

Ross Foley, of Madison county, was badly injured and is in a hospital in Winchester, as a result of a collision with a freight train while en route from Ravenna to Lexington in a motor truck Wednesday. Mr. Foley and a friend, William Hollar, were together, and as they reached a crossing saw the train coming fast, and jumped. Hollar broke a leg, but Mr. Foley got off with no broken bones. An ankle was very badly sprained, however, and he was taken to the hospital with Hollar. Mr. Foley is a son of Mr. and Mrs. Thomas Foley, of Speedwell. He has many friends at home in Madison county who will wish him a speedy recovery. He holds a nice position with the railway offices at Ravenna.

## Hon. John Bennett's Picture For Court Room

Mr. Waller Bennett has ordered a life size portrait of his brother, Hon. John Bennett, so long a member of the Richmond bar, to be hung in the circuit court room. Miss Adelaide Everhart, of Decatur, Georgia, is the artist chosen to do the work.

## "Bud" James Dead

I. C. James, 61, well known horseman of Central Kentucky, died of a complication of diseases at his home in Harrodsburg after an illness of six months. He was known as "Bud" to his many friends. He conducted a lively stable for the past 35 years and also owned a string of fine show horses which were shown at the various Kentucky fairs. He is survived by his mother, Mrs. Aaron James, his wife, Mrs. Mattie James, a daughter, Miss Anna, and a son, I. C. James, Jr.

ROOKWOOD Coffee makes the best meal better. It has the smack of flavor that will make you ask for more. A luxury drink in several grades to fit any purse. D. B. McKinney & Co. 148 tf

FOR that boy these hot days—Romper galore in good tub colors, 2 to 6 pairs, or middie, Dickens' or Russian Blouse Suits in all white, or white with navy collars, or in solid colors or stripes, 3 to 8 years, at reduced prices. Mrs. Stouffer's. s tu ht

## Richmond Daily Register

S. M. SAUFLEY, Editor and Proprietor

Entered at the postoffice in Richmond as second class mail matter under Act of Congress of 1875.

SUBSCRIPTION RATES  
Per Year, by mail \$4.00  
Six Months, by mail \$2.50

**Political Announcements**  
The Daily Register is authorized to announce the following candidates for office subject to the action of the Democratic party:

For Congress  
RALPH GIBBERD, of Shelby County.  
FRANK RIPP, of Anderson county.

Another, Tom Underwood himself, gives a graphic description of Harding as an ideal, "all-round" candidate. He says:

Just what Paul meant by his "all things to all men" suggestion has always been a scriptural mystery, but it was admonition to catch 'em a-gwine and a-comin'. W. Gamaliel Harding is right there with the goods:

Prince:  
He is a United States Senator and smokes cigarettes.

Suits Penrose and is acceptable to Hoover.

Sets type and plays golf.

Voted for the Volstead enforcement act and owned stock in a brewery.

Branded Roosevelt as a "Benedict Arnold and Aaron Burr."

Trustee in the Baptist church and "poker is his favorite indoor sport."

A well known New York song writer says that he is paid only \$25 a week. A lot of folks a bit frayed by jazz will find quiet satisfaction in that.

The sky is once more clear, says Lloyd George. However, the European political climate hasn't the habit of staying that way.

The New York restaurant that sold liquor at \$1 a drink and added 10 cents to the bill for "war tax" evidently intended to be scrupulously exact in its dealings.

New canvas shoes are recommended to bring down the price of soles. As a last resort some one might suggest that everyone take up barefoot dancing in addition to overalls.

Explorer Stefansson says palatable food in unlimited quantities is available in the Arctic regions. That will serve as a pointer, probably, for some one to try to corner it.

And will some one suggest a bonus for all the candidates who have fought so bravely or the presidential nomination?

## PRICE OF SUGAR TAKES

THIRD DROP; NOW \$23

San Francisco, June 23.—The price of refined cane sugar will be reduced today from \$23.50 a hundred weight to \$23, it was announced yesterday by the Hawaiian Sugar refinery. This is the third drop in the price of sugar in three weeks from a maximum of \$26.50 a hundred weight at the refinery.

AN AGRICULTURAL  
CLUB NOW PLANNED

Plans for the formation of an agricultural club among the boys and girls of Madison county are being discussed by many of the young people, as well as parents, and it is probable that this county will soon have an organization similar to those of other counties. The matter has been interesting some of the youngsters for some time, but no action has been taken. The question of forming a club, however, has been given more attention recently, and very probably plans for actual organization will be completed within a short time.

The Daviess county agricultural club members number 546, and are divided as follows: Poultry, 77; pigs, 60; tobacco, 37; corn, 12; potatoes, 7; tomatoes, 5; calves, 3; sheep, 2; sawy beans, 2. These members who are under the direction of a county agent total 205, and embrace boys and girls, a girl winning the first prize for pigs at the Daviess county fair last year. In the sewing and canning clubs, led a county home demonstration agent, there are 176 members in the sewing clubs and 165 in the canning clubs, a total of 341.

## 12-YEAR-OLD BOYS

ELECTROCUTE ENEMY

Whitesburg, Ky., June 23.—A 12-year-old boy named Reedy, nephew of J. W. Reedy, coal operator, was killed at Lohair in a peculiar manner, and three youths of the same age, named Newberry, were arrested, and are in the Hazard jail charged with the crime.

It is said that the Newberry boys held a grievance against Reedy and threw him against a live wire carrying a heavy voltage near the coal tipple of the Ashless Coal company, electrocuting him.

Their arrest followed amid much excitement. Examining trial is set for Saturday.

Attention  
Masons

Within the City

AT ABSOLUTE AUCTION SALE

WHEN?

Saturday, June 26

10 O'CLOCK A. M. (RAIN OR SHINE)

WHERE?

n Lancaster Street and Pike just Beyond Alta Avenue.

(Known as the Fogarty farm purchased by Swinebroad.)

90 acres adjoins D and D Institute property and fronts one-half mile on Lancaster street and pike. Balance is on South Side of Clark's Run fronting on Goss Pike, and also the extension of Rauhman Boulevard through this land.

Only 210 yards from city water mains and Electric Light and Gas.

The equal of this property is an attractive subdivision in and addition to Danville has never been presented. And this is the last. There are no others. The best for your last opportunity.

REMEMBER—BUILDIN GLOTS—and a number of 2—3—5—10—20 acre tracts. Any number of acres the purchaser wants.

One tract of 10 acres with improvements, 6 room dwelling, 2 halls and porches, barns, cribs, etc., or will add more acreage thereto. Remember we sell to suit the buyers.

I have been solicited at various times to name a price on different lots and tracts, but I wanted to make the subdivision attractive and let the bidders name the price and give everybody a chance. Now is your opportunity. This is first class land. Get a line on values and prices of real estate. We welcome a thorough investigation.

I will not take space to "Boost" DANVILLE and BOYLE COUNTY. Everybody knows the advantages of owning property here. Fertile, soils, good, roads, modern improvements, schools, colleges, churches, banking, market and railroad facilities, hospitable, progressive, cultured, moral citizens, everything that makes life worth living, will always regardless of any conditions or circumstances, cause this real estate to steadily continue to enhance in value and advance in price. Had you ever stopped to think—Lots of people want to come to Danville and Boyle county but none ever want to leave.

## DON'T FORGET THE DATE—MEMORIZE IT—JUNE 26

Listen to these Terms—10 per cent on day of sale, 20 per cent date of deed. Balance 14 percent per year. Five long years to pay for it. Deed and possession at any time to January 1, 1921, at option of purchaser.

Music by Brass Band—Lunch at Sale.

Money and prizes given away. One prize of \$20.00 in Gold. Everybody come. Be a "Booster." Ladies especially invited.

For further particulars and blue prints see W. E. Moss or R. H. Dever, at my Danville office, or my son George A. Swinebroad, or

## The Simple System of Heating

IMAGINE the economy, imagine the convenience, imagine the comfort of heating your whole house—bedrooms, halls, stairways and all—from just ONE fire! Think what it means to do away with all the muss and fuss of handling coal and ashes in the living rooms! Think how healthful it is to have those chilly bedrooms and cold, drafty halls so warm that the children can run all over the house and the baby play on the floor without the danger of catching cold! Think what it means to have ALL THE HEAT YOU WANT IN EVERY ROOM and yet just one fire to tend—and that but twice a day!

### Moore's Pipeless Furnace

—the SIMPLE SYSTEM OF HEATING—gives you all of these things and more. And the whole job of installation can be done in just ONE day. In addition—because of MOORE'S ANTI-CARBON FIRE-POT (shown in the cut at the right) it saves you just 38 cents on every dollar's worth of fuel you use. For this fire-box BURNS the gas, smoke and soot that other heating systems WASTE. It will burn slack coal just as well as the best grade of lump. There are many other advantageous features in MOORE'S Pipeless Furnace, such as its Self-Cleaning Radiator, its large Moisture Pan, etc.—features that give you an even, moisture-laden warm atmosphere that is essential to good health. In fact MOORE'S is the Pipeless Furnace supreme—the best and simplest heating system that you can secure. Come in and let us explain all about it. Then—BE YOUR OWN JUDGE!

## SWINEBROAD MAKES MORE LAND SALES

Col. G. B. Swinebroad, Lancaster sale king, made a number of good sales last week. For B. D. Holtzclaw, of Lincoln county, he sold his farm of 100 acres in the east end of Lincoln county to Oscar Holtzclaw, son of the owner, at \$125. On Thursday he sold the old McAlister farm of 200 acres on the Knob Lick pike to Mr. Woods at \$115 per acre.

For W. A. Rawlings, of Marion county, Col. Swinebroad, sold a rough farm there of 150 acre at \$37 to \$85 per acre.

For J. W. Riggins, of Casey county, Swinebroad sold his farm of 230 acres near Middleburg for \$41,000. The McAninch farm brought \$21,000 and was bought by Ray and Luther Elliott and C. C. Compton. The home place was purchased by M. L. Elliott for \$19,000. The average price was \$250.30.

## RUMANIA WANTS LOAN FROM U. S.

Bucharest, June 23—Rumania is seeking to place a loan in the United States and wants to give as security her six per cent national bonds, without lien on her forests or her oil properties.

According to Le Progress, the country's most pressing problem is the reorganization of finances which are in a confused condition partly due to the dumping in Rumania of several billions of Austria-Hungarian crowns, Russian and Ukrainian rubles and other worthless moneys. Within the past ten months the value of the lei has decreased from ten to the dollar to 55-80 to the dollar, according to the fluctuations of the market.

## BOONESBORO BEACH SUMMER ACTIVITY

Dr. D. H. Williams, who is installing a new electric light plant at the Boonesboro Beach, reports that this improvement will soon be completed, he having been assured by the railway company that a delayed shipment of material will soon be delivered. The plant will be a modern one in every way and will furnish light for the neighborhood. Lines will be strung to the various new cottages and elsewhere. The cottages are all pretty well filled for the summer and the colony is enjoying life there as never before. The daily visitors number the normal, but there is a decided increase in the number of visitors at the resort on Sundays. Special pains have been taken to eliminate danger of accidents, and there are hundreds

of members of picnic parties each visiting the place.

### STILL AND SHINERS TAKEN

Whitesburg, Ky., June 24.—Prohibition officers made a moonshine raid through the mountains of the headwaters of Beaver creek, north of here along the Knott-Plymouth border, where they destroyed three moonshine stills with complete equipment, arresting five moonshiners and bootleggers.

## WILL FILE SUITS TO LEGALIZE WORK

Plans are being made for the filing of suits in the local courts looking toward the commencement of the work of changing the roadway in the vicinity of Red House, in order to eliminate a number of dangerous railroad crossings, and bids for the contract work will be let, according to present plans, on Tuesday, July 6th.

The suits are as a matter of legal form, none of the action contemplated being resisted, however, this will admit of the work being taken up according to law. The funds have practically been assured and there will be no delay in the work. These contracts will call for the grading of the roadway, building of the bridge across Otter Creek and other public improvements planned. The intention of the County Engineer is to have the work taken up as soon as possible and to have it completed at the earliest period possible. The residents of Red House are planning to have the new school buildings constructed at this time and general improvement work will transform the little town into a thriving and improved little city, according to the opinion of the residents there who have been advocating the change for some time.

### "Saw" Too Much Business

(By Associated Press)  
Alexandria, Ind., June 22.—Three blind men came to Alexandria recently and, unknown to each other, set up their organs on different street corners. Each was unaware of the presence of the others until their organs began to play. As the tunes carried to the ears of the blind men the three silently folded their chairs, packed away their music and departed for the interurban depot. They got on the same car, each unaware of the presence of the others, and left the city.

### MADISON COUNTY COURT.

In matter of application for changing location of Red House Pike so as to eliminate railroad grade crossings.

### NOTICE

Notice is hereby given to the public that C. W. Cobb has filed his petition in the Madison County Court, in which he asks that said Court shall, by proper orders, change and re-locate that portion of the Richmond and Red House pike, as follows:

Beginning at a station No. 46 plus 99 on the State Aid survey, of the Richmond and Winchester Pike, as shown by the State Highway Department's plan No. 73A2, dated 1918, said station No. 46 plus 99 being in the center of said pike as now located, and 109 feet north of the north abutment of a small bridge on said pike, near the L. & N. R. R. Co.'s crossing 51 feet toward Winchester from mile post No. 111 on the L. & N. R. R.; thence leaving the present location, and extending in a southerly direction, the proposed center line of the said L. & N. R. R. Co.'s main track, over the lands of W. A. Williams, for a distance of 908 feet; the right of way of the said proposed pike through Williams to be 40 feet wide; thence continuing 53 feet east of said railroad, over the lands of Wm. Embree for a distance of 3314 feet, the right of way of said proposed pike through Embree to be 53 feet wide; thence curving toward the east, through the lands of Horace Dوزير for a distance of 177 feet on the center line, as shown by revised survey of the said Richmond and Winchester pike, to a point in the center of the said pike as now located, at a station 10 plus 81.8 on said survey, so as to close and abandon the crossing of the L. & N. R. R., which is 51 feet toward Winchester from mile post 111, on said railroad, and also to close and abandon that part of the said Richmond and Winchester pike as now located between the aforesaid crossing of the L. & N. R. R. and the division line between Wm. Embree and Sam Hugely (colored) as shown by plans and drawings for said work now on file in the office of the County Road Engineer.

Said petition will be heard July 5th, 1920.

J. G. BAXTER,  
County Road Engineer.  
151-158

MADISON COUNTY COURT.  
In matter of application for changing and re-locating County Road No. 128, South of Red House.

### NOTICE

Notice is hereby given to the public that Sam P. Todd has filed his petition in the Madison County Court, in which he asks that said Court shall, by proper orders, change and re-locate that portion of the County Road No. 128 South of Red House, as follows, to-wit:

Beginning at a point in the county road No. 128, near the crossing of the L. & N. track, 1350 feet toward Richmond from mile post 112 on the L. & N. R. R. south of Red House, thence following the east right of way line of the said L. & N. R. R. the proposed center line of the road being 15 feet from said right of way line, or

### CITY AND COUNTY SCHOOLS CO-OPERATE

There Will Be Special Music and Prizes For Children On Carnival Day

At a conference Tuesday evening between County School Superintendent B. F. Edwards and City School Superintendent J. Howard Payne it was decided to consolidate the interests of the city and county schools at the fall carnival to be held in Richmond, and if the plans under way materialize the event will be a very auspicious one.

It was decided to furnish a list of prizes for essays and other school work features which will add much interest to the occasion. There will also be exhibited samples of the work of the students at the various schools of the county. There will be an extensive parade, and it is very probable that uniforms of patriotic colors will be worn by the lassies and laddies during the gala day, for this is what it is to be—an outing for the children, which will also be very instructive and interesting to the parents.

It was suggested that the boys wear overalls, something "just right" for the occasion, and easy to acquire; this garment, with a white shirt waist and a red necktie or cap, is said to be very appropriate in the way of durability, as well as patriotic and serviceable, and would not represent the outlay of much money. The girls, according to the plan, could easily procure a skirt of blue, a white shirtwaist and a red tie or cap.

It is believed the streets of the city will have been paved by that time, and the city will be decorated and turned over to the youngsters, together with their instructors and parents, and the event will be a "get-together" meeting pure and simple.

The students will have company, too, for it is the intention to invite the superintendents from all county and city schools of the state, with the view of showing them something worth looking at.

The state school superintendent will also be invited and it is expected that together with Superintendent J. Howard Payne, of the Richmond city schools, will be among the speakers of the day. There will be an effort made to procure the services of a band composed of school children from the southern part of the state to furnish music to which the Madison county students will march in the big parade. Arrangements will be made for lunch, and it will be children's day from the start. The attention of the carnival last year attracted the attention of a number of instructors throughout this and other states, and it is with little intention of making them all set up and take notice that the present extensive plans are being formulated. Both officials have been assured of the hearty co-operation of the boards of the schools they represent and there are no strings to the entertainment. The date has not been decided upon, but will be early in September.

The state school superintendent will also be invited and it is expected that together with Superintendent J. Howard Payne, of the Richmond city schools, will be among the speakers of the day. There will be an effort made to procure the services of a band composed of school children from the southern part of the state to furnish music to which the Madison county students will march in the big parade. Arrangements will be made for lunch, and it will be children's day from the start. The attention of the carnival last year attracted the attention of a number of instructors throughout this and other states, and it is with little intention of making them all set up and take notice that the present extensive plans are being formulated. Both officials have been assured of the hearty co-operation of the boards of the schools they represent and there are no strings to the entertainment. The date has not been decided upon, but will be early in September.

### DR. HUNT LEAVES COVINGTON CHURCH

Dr. I. Cochrane Hunt, pastor of the Madison avenue Presbyterian church, at Covington, has tendered his resignation as pastor, with the request that it can be accepted before July 1. The board of trustees of the church was reluctant to accept the resignation. Dr. Hunt announced that he may leave Covington to answer a call in another city, but said his plans were not completed and he could not state at this time just where he expected to go. Under the rules of the Presbyterian church the resignation must be approved by the Synodical Presbytery and the congregation agreed to join the pastor in his request that it be accepted. Dr. Hunt has been in Covington for seven years and during the war was active in all patriotic work. He was one of the leading members of the Citizens' Patriotic League of Covington, the members of which are to give him a testimonial dinner at the Covington Industrial Club June 25.

Dr. Hunt was married several years ago to Miss Lucy Crow, of Richmond, who succumbed to the flu about a year ago.

**HOGS SUFFER FROM HEAT.**  
Owners of hogs report that the heat last week caused much suffering among the large ones, and reports from various parts of the state had been received to the effect that a number of swine had died as a result. None were reported killed in Madison county, however, but C. J. Tanner, living near Lebanon, reports that several valuable ones died on his farm.

For reviving sod by introducing air and moisture an inventor has patented a spiked roller, the penetration of the spikes being regulated by small wheels that help support it.

### Facts for Sick Women

#### Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lifting I had such pain and bearing down that I was not able to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor without any results and he said the safest thing would be to have an operation. I met a lady who told me she had had three operations and was not well until she took Lydia E. Pinkham's Vegetable Compound. I felt relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything used to turn sour on my stomach and the Liver Pills relieved that."—Mrs. A. Rozins, 233 Fargo Avenue, Buffalo, N. Y.

The fact is, the Best Medicine for Women is

### BOYS AND GIRLS CLUBS INCREASE

The work of the boy and girl club in various parts of the state is attracting the attention of officers of the College of Agriculture of the University of Kentucky, and more clubs are to be formed within a short time. It is predicted that the coming arrival of the new year will bring about one of the strongest organizations of this character in the country for the state of Kentucky. The movement, which was started some time ago, has been receiving continued encouragement, and much success has attended efforts to strengthen it with additional clubs.

At a recent meeting in Louisville of the college faculty, where delegates from various parts of the state had spoken of the importance of this work to the agricultural interests of the state, the equal importance of keeping the boys and girls of Kentucky interested in such work.

M. H. Howell, of Ohio county, also spoke on boy and girl club work in his section, and Dr. E. T. Edwards, pastor of the Woodland Christian church, Louisville, addressed the meeting.

There was a regular meeting of the Masonic lodge Tuesday night at which degree work was in evidence. The applications of a number of young men for membership were received.

### ACTUAL COST OF PRODUCING WHEAT

The cost of producing the wheat of the 1919 crop was as low as \$1 a bushel on just two farms out of the 381 included in a cost production study just completed by the United States Department of Agriculture. On 20 farms it was over \$5. The bulk of the farms produced wheat at a cost somewhat less than midway between these two extremes. The average cost per bushel for all farms was \$2.15. At such a price, half of the farmers would have lost money on their wheat.

**URGES IMMEDIATE AWARD**  
Washington, June 23.—President Wilson sent a message to the railroad labor board at Chicago today urging immediate award in the wage controversy. The text of the message was not made public. Announcement of the president's action was made after W. N. Donk, vice president of the trainmen's brotherhood, had called at the White House.

Horses imported into Argentina are taught to avoid a poisonous weed that the native animals shun naturally by forcing them to inhale smoke of burning piles of the weed.

**BUNGALOW** house dresses and aprons in plaids, stripes and solid pinks and blues; small medium and large sizes—\$2 to \$6.50. at Mrs. Stouffers.

### PLANS FOR NEW CHURCH ACCEPTED

The plans and specifications for the new Second Christian church have been completed and accepted. The members of the board and other officials and of the church met last night and report that the plans were very satisfactory and the preliminary work looking toward the new edifice were progressing in a very satisfactory manner.

A number of volunteers will assist the regular official corps of workers, and indications are that when the drive for funds is made there will be a veritable army of interested workers and that the project will result in the maturing of the plans in the near future. The present plans are to construct the new church on the lot occupied by the old one, and much of the material will be procured from the present building, some parts of which are in a good state of preservation.

### RICHMOND PARTY ARRIVES IN SOUTH

Mr. and Mrs. Cecil Simmons and Mr. Spears Turley, of Richmond, formed a merry party who arrived in Miami, Florida, Tuesday night, having made the trip by auto and stopping at several of the coast cities en route. Mr. and Mrs. Simmons will make their future home in Miami, while Mr. Turley will spend the summer vacation there.

It is claimed that the latter had advance knowledge of the cool weather before his departure, since when he was chided about going to Florida to spend the summer, he stated that he would "cast a spell" over the whole lot who had anything to say about it, and apparently the weather man was in on it. He will return north in about two weeks.

**LABORERS** wanted on streets. Steady employment for the season. 40c an hour. Address Lamp-ton & Burks, Richmond, Ky. 148tf

### Prince of Wales To Hunt Australian Game

Sydney, Australia, June 23.—Kangaroo and emu hunting have been arranged for the Prince of Wales while he is in Australia, also duck hunting. The emu is a large bird of the ostrich type and exceedingly swift of foot. The Prince will spend several nights at noted sheep stations (ranches) and will be given an opportunity of seeing sheep "round ups" and shearing.

### Reduce Weight Easily Now

Do you wish to become slender, graceful, healthier, happier? Eat all you need, but chew your food thoroughly, and be happy while following easy Korein system obtainable in box at drug store. Purposed to aid in reducing fat in any part of the body. Reduce whatever you need (10 to 60 lbs.) under \$100.00 money-refund guarantee or no cost to you.

Reduce puffy abdomen, double chin, large limbs, obese hips and other overstout parts of the body.

Even a few days of Korein system (pronounced *kor-een*) has been reported to show noticeable reduction in weight. No thyroid, no exhausting exercise, no starvation dieting, no humbug—genuine reduction method approved by physicians. Footsteps become light, the skin firmer and smoother in appearance, work seems easier, and a buoyant feeling takes possession of the whole being as superfluous, unhealthy fat disappears. Begin reducing now. Get Korein. Buy a small box of Korein at any drug store. Show others this advertisement.

## LESS POLYGAMY IN PHILIPPINES

(By Associated Press)  
Manila, P. I., June 23—Practice of polygamy in the Philippine Islands is being reduced through education of girls of the leading families of the outlying provinces according to Frank W. Carpenter, retiring governor of the Department of Mindanao and Sulu.  
Mr. Carpenter is here to turn over administration of his office to the Secretary of the Interior, who will act through the Bureau of Non-Christian Tribes in accordance with a new territorial law. This law leaves in effect a treaty under which the Sultan of Sulu renounced all pretensions to temporal sovereignty but gained recognition as ecclesiastical head of the Mohammedan church in the Sulu archipelago. The treaty guarantees to the Sultan and his people "the same religious freedom had by all adherents of all other religious creeds, the practice of which is not in violation of the basic principles of the laws of the United States."

## TO STUDY VELOCITY OF THUNDER STORMS

Bloomington, Ind., June 23—Study of lightning flashes and the velocity of thunder, has been undertaken here by Dr. Arthur L. Foley, head of the department of physics of Indiana University.  
The United States government has loaned a complete set of apparatus, such as was used in sound ranging on the French front. By means of this apparatus, which will be used to suit the experiment, together with a photographic study made at the same time, Dr. Foley will undertake to learn definitely the velocity of thunder and something about the nature of the lightning flash itself.  
A photographic study of explosion waves and the nature of explosion waves is being conducted by Prof. John B. Dutcher.  
Private William D. Crawford, McComb, Miss., was instantly killed at Louisville by a caisson falling upon him while riding to drill.

## LIVESTOCK MEN BECOMING ACTIVE

While there is a general disposition upon the part of stock raisers to hold their cattle for a time, there is an equal disposition upon the part of many of the buyers to procure them, and several sales are being effected throughout the county.  
Younger Norris, a well known purchaser, reports that good cattle, of the variety he desires, are hard to get. J. B. Smyth, of Bend, an authority and close observer, reports the sale by Wm. Moore of 20 head of 800-pound heifers, at 8 1/2 cents, to Mr. Norris.  
There is a demand for lambs, and the July market promises to be a lively one. Considerable competition among the buyers is demonstrated by the fact that most of the spring lambs have already been contracted for and will be delivered to the market next month. J. Wm. Wagers, well known handler of live stock, is the purchaser of most of the lambs in the vicinity of Bend. J. D. Pearson, of College Hill, is making a tour in quest of calves, and the sales are said to be very low, there being a disposition to hold this product for a little later market.

## HAY \$50 PER TON; FARMERS ARE BLEST

With timothy hay selling readily for \$50 per ton, attention of farmers is being turned to this important matter, and more acreage in Kentucky will be devoted to the raising of timothy and hay of various kinds, including clover, another year. One man said today that it would be necessary to sell much of the stock, owing to the shortage of feed. He stated as have others, that too much attention was being paid to tobacco, and not enough ground reserved for other products. This is one of the reasons for the remarkably high price of potatoes at this season of the year, stated another.  
Special interest is being given to red clover which is being grown in some sections of the country, and it is claimed that there will be a big acreage next year.  
Al Cornelison, living west of the city, is authority for the statement that the production from the farms these days cater too closely to the special products prevailing at the top of the market price, and advances the opinion that many would be better off if they would give more ground and attention to a varied production.

**Drinks At \$1 An Ounce**  
Paducah, Ky., June 24—On charges of peddling whisky on the streets here, Raymond Lovell was arrested by Deputy U. S. Marshal R. W. Kimbrell. He is alleged to have sold the whisky in ounce bottles at \$1 per ounce from a supply which he carried in his hip pocket, and to have sold it by the drink as he came across a purchaser on the streets. Lovell executed bond in the sum of \$300 for his examining trial on June 25.

**NOTICE TO BIDDERS**  
The Richmond Water and Light Company will receive bids at its office until June 28, 1920, for lowering water and gas mains on Main street, Richmond, Ky., from Collins street to Hallie Irvine street. Specifications at the office or office of City Engineer.  
B. R. Daugherty, Supt.  
Richmond Water & Light Co.

## NEW LABORATORY AT NORMAL VERY MODERN

The new laboratory, the building of which was completed last year, has been provided with a ventilating system that is attracting the attention of all educators and men following this line who visit Eastern Normal. The system is operated by electricity, and at the various seats and work-places, individual hoods are provided which draw the poisonous gases from the room, keeping the atmosphere pure at all times. It is said to be one of the most modern and thorough laboratories to be found in the country.

## NO TUITION FOR EX-SERVICE MEN

There is a movement on foot to admit to the Kentucky universities and colleges during the summer terms the former service men without tuition. The movement, which was started some time ago, is gaining impetus, and already there has been action taken in some localities.

Beginning with today, and in accordance with an act of the recent legislature, the University of Kentucky at Lexington will be open to the former service men without tuition. Next year, however, a notice of 30 days will have to be given, this being filed by the applicant, according to the new law, which will have become more widely known. The law, which has been in effect but a week, is admitting a number of soldiers to the institutions, and the American Legion will be extensively represented in the future. The privilege is being hailed with delight by many of the men who have seen service and desire to promote their education and they will take advantage of this opportunity.

## MILLION DOLLAR PLANT FOR MASONIC HOME SOON

Erection of a new plant at Louisville for the Masonic widows' and orphans' home and infirmary to cost \$1,000,000 is assured by 25,000 subscriptions totaling \$740,000, according to announcement made for the Grand Lodge of Kentucky.  
For obtaining suggestions for tentative plans and specifications for the new institution, the recommendations for its location a committee of the board of directors will meet the Masters of the 26 lodges of Jefferson county at the Watterson hotel next Saturday evening. Plans and specifications will be submitted in October.

## KIRKSVILLE AMERICAN LEGION TO HAVE HOME SOON

The protracted meeting came to a close Saturday night, when Rev. F. M. Tindler was called to his home at North Middletown.  
Mrs. Bead and three sons, of Arkansas, are guests of Miss Alice Whitlock.  
Mrs. Green is the guest of her daughter, Mrs. W. H. Smith.  
Mr. and Mrs. Theo Cotton, of Danville, attended church here Saturday night and Sunday.  
Mr. and Mrs. Smith Hagan entertained the following at dinner Sunday: Mr. and Mrs. J. T. Long, Misses Ruth Long, Estelle Pieratt and Ellen Palmer; Messrs. Russell, Willie and Cecil Long.  
Mrs. L. S. Palmer is able to be out after a month's illness.  
John Wilson is visiting his parents, Mr. and Mrs. George Wilson.  
Mr. and Mrs. Frank Tussey, Jr., were week-end guests of Mr. and Mrs. Frank Tussey, Sr.  
Tonight there will be a class of eight taken into membership of Floating Canoe Club, I. O. R. M. This is the second class of this calibre received within the past few months and the membership is rapidly increasing.  
"Price: still soar"—headline. And the consumers are still sore.

## 24-Year Tubes Built by Miller only

It has taken 24 years to develop the skill which builds Miller Inner Tubes.  
For 24 years Miller has built super-grade rubber goods. Miller leads the world, for instance, in surgeons' rubber gloves. Their fine rubber goods are known everywhere as the "Surgeon Grade."  
That's the sort of skill—the very rare skill—needed in building tubes.  
Miller Tubes are built of "Surgeon Grade" rubber sheets. They are built layer on layer—sheet on sheet—up to the proper ply.  
Then each tube is tested for hours under air pressure to prove it air-tight.  
Don't buy tubes by guess. There are tubes not half so good as Millers.  
Try a Miller—red or gray—and watch it. Then let results decide your future tubes. No extra price.

**Miller Tread Patented**  
Center tread smooth with suction cups, for firm grasp on wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

## Miller Tubes The utmost—like Miller Tires
